Except as provided below any firm wishing to be considered must be properly registered with the Office of the Secretary of State and with the North Carolina Board of Examiners for Engineers and Surveyors. Any firm proposing to use corporate subsidiaries or subcontractors must include a statement that these companies are properly registered with the North Carolina Board of Examiners for Engineers and Surveyors and/or the NC Board for Licensing of Geologists. The Engineers performing the work and in responsible charge of the work must be registered Professional Engineers in the State of North Carolina and must have a good ethical and professional standing. It will be the responsibility of the selected private firm to verify the registration of any corporate subsidiary or subcontractor prior to submitting a Letter of Interest. Firms which are not providing engineering services need not be registered with the North Carolina Board of Examiners for Engineers and Surveyors. Some of the services being solicited may not require a license. It is the responsibility of each firm to adhere to all laws of the State of North Carolina.

The firm must have the financial ability to undertake the work and assume the liability. The selected firm(s) will be required to furnish proof of Professional Liability insurance coverage in the minimum amount of \$1,000,000.00. The firm(s) must have an adequate accounting system to identify costs chargeable to the project.

SCOPE OF WORK

The **Town of Cramerton, NC** is soliciting proposals for the services of a firm/team for the following contract scope of work:

A typical section of 8' width sidewalk with plantings is proposed on the east side of Market Street, beginning at the southeast corner of Wilkinson Blvd and extending approximately 750 feet to existing sidewalk. Conflicting above-ground utilities will be relocated if practical, pedestrian scale lighting will be installed (by Duke Energy), and existing parking lot lighting located within the right-of-way will be replaced with decorative poles. Crosswalks with pedestrian signals will be installed at all approaches of the Market Street/Wilkinson Blvd. intersection. The northwest curb radius at the intersection of Wesleyan Drive/Wilkinson Blvd. will be removed and realigned to allow installation of new sidewalk within the right of way along the west side of Wesleyan Drive (along property of McAdenville Motors). NCDOT has given approval to adjust lane widths and alignment at the Wesleyan/Wilkinson intersection to accommodate a new curb radius and sidewalk within the northwest corner. Existing sidewalk on the west side of Wesleyan Drive will be removed and replaced as needed to make necessary tie-ins.

Site Survey

Complete detailed topographic field surveys within the project limits to design the proposed improvements in accordance with NCDOT standards. Surveys will be completed on the east side of Market Street and the intersection of Market/Wesleyan/Wilkinson. The full width of Wesleyan Drive will be surveyed, beginning at Wilkinson Blvd and extending northward 300 feet for design of the proposed adjustment of travel lanes. Underground utilities within the project area will be identified and marked.

Design and Permitting

Construction Plans: Develop plans and specifications in conformance with the NCDOT Standard Specifications for Roadways and Structures and Town of Cramerton Specifications. Preliminary plans shall be provided to impacted utility owners for review and comments. Review comments shall be incorporated into the final design drawings.

Pedestrian Signal Design

Prepare traffic signal design plans in accordance with the latest NCDOT standard specifications. Drawings will include intersection layout, loop detector chart and layout, signal head identification and location, phasing diagram, signal head sequence chart, timing information, electrical details and stop bar location detail. Plans will be submitted to NCDOT for review and comment, and necessary corrections will be made to the final plans. Prepare traffic signal quantities and probable construction cost estimates.

Bid Services

Prepare a bid advertisement and furnish bid documents to plan rooms and printers. Respond to questions from contractors during the bid process. Prepare and issue any necessary addenda, conduct the bid opening, provide bid tabulation of all bids, verify low bidder meets all contract requirements, and make recommendation of award of contract to the City.

PROPOSED CONTRACT TIME: Five (5) Months

PROPOSED CONTRACT PAYMENT TYPE: Monthly Invoice

SUBMITTAL REQUIREMENTS

All LOIs are limited to **4 Pages** () pages (RS-2 forms are not included in the page count) inclusive of the cover sheet, and shall be typed on 8-1/2" x 11" sheets, single-spaced, one-sided.

Fold out pages are not allowed. In order to reduce costs and to facilitate recycling; binders, dividers, tabs, etc. are prohibited. One staple in the upper left-hand corner is preferred.

LOIs containing more than **4 pages** () pages will not be considered.

Seven (7) () total copies of the LOI should be submitted.

Firms submitting LOIs are encouraged to carefully check them for conformance to the requirements stated above. If LOIs do not meet ALL of these requirements they will be disqualified. No exception will be granted.

SELECTION PROCESS

Following is a general description of the selection process:

- The LGA's Selection Committee will review all qualifying LOI submittals.
- For Limited Services Contracts (On-Call type contracts), the LGA's Selection Committee MAY, at the LGA's discretion, choose any number of firms to provide the services being solicited.
- For Project-Specific Contracts (non On-Call type contracts), the LGA's Selection Committee MAY, at the LGA's discretion, shortlist a minimum of three (3) firms to be interviewed. IF APPLICABLE, dates of shortlisting and dates for interviews are shown in the section SUBMISSION SCHEDULE AND KEY DATES at the end of this RFLOI.

- In order to be considered for selection, consultants must submit a complete response to this RFLOI prior to the specified deadlines. Failure to submit all information in a timely manner will result in disqualification.

SMALL PROFESSIONAL SERVICE FIRM (SPSF) PARTICIPATION

The Department encourages the use of Small Professional Services Firms (SPSF). Small businesses determined to be eligible for participation in the SPSF program are those meeting size standards defined by Small Business Administration (SBA) regulations, 13 CFR Part 121 in Sector 54 under the North American Industrial Classification System (NAICS). The SPSF program is a race, ethnicity, and gender neutral program designed to increase the availability of contracting opportunities for small businesses on federal, state or locally funded contracts. SPSF participation is not contingent upon the funding source.

The Firm, at the time the Letter of Interest is submitted, shall submit a listing of all known SPSF firms that will participate in the performance of the identified work. The participation shall be submitted on the Department's Subconsultant Form RS-2. RS-2 forms may be accessed on the Department's website at [NCDOT Connect Guidelines & Forms](#).

The SPSF must be qualified with the Department to perform the work for which they are listed.

Real-time information about firms doing business with the Department and firms that are SPSF certified through the Contractual Services Unit is available in the Directory of Transportation Firms. The Directory can be accessed on the Department's website at [Directory of Firms](#) -- Complete listing of certified and prequalified firms.

The listing of an individual firm in the Department's directory shall not be construed as an endorsement of the firm.

PREQUALIFICATION

The Department maintains on file the qualifications and key personnel for each approved discipline, as well as any required samples of work. Each year on the anniversary date of the company, the firm shall renew their prequalified disciplines. If your firm has not renewed its application as required by your anniversary date or if your firm is not currently prequalified, please submit an application to the Department **prior to submittal of your LOI**. An application may be accessed on the Department's website at [Prequalifying Private Consulting Firms](#) -- Learn how to become Prequalified as a Private Consulting Firm with NCDOT. Having this data on file with the Department eliminates the need to resubmit this data with each letter of interest.

Even though specific DBE/MBE/WBE goals are not required for this project, the Department of Transportation is committed to providing opportunity for small and disadvantaged businesses to perform on its contracts through established Department goals. The Firm, subconsultant and subfirm shall not discriminate on the basis of race, religion, color, national origin, age, disability or sex in the performance of this contract.

SELECTION CRITERIA

All prequalified firms who submit responsive letters of interest will be considered.

In selecting a firm/team, the selection committee will take into consideration qualification information including such factors as:

1. **CRITERIA NUMBER 1 30%** = The firm's recent experience, knowledge, and familiarity in the design of similar projects and ability to incorporate the clients design preferences.
2. **CRITERIA NUMBER 2 25%** = The experience of the firm's staff assigned to this project in performing the type of work required by this project and delivering the project within budget with minimal to no change orders.
3. **CRITERIA NUMBER 3 25%** = The firm's experience and demonstrated ability to meet project time schedules established for the work.
4. **CRITERIA NUMBER 4 20%** = The firm's high ethical standards and performed satisfactory work on previous contract with other local government clients including a positive client relationship, commitment to the project budget and sufficient supervision of the construction phase of the project.
5. **% = none.**

After reviewing qualifications, if firms are equal on the evaluation review, then those qualified firms with proposed SPSF participation will be given priority consideration.

SUBMISSION ORGANIZATION AND INFORMATION REQUIREMENTS

The LOI should be addressed to **David Pugh, Cramerton Town Manager** and must include the name, address, telephone number, and e-mail address of the prime consultant's contact person for this RFLOI.

The LOI must also include the information outlined below:

Chapter 1 - Introduction

The Introduction should demonstrate the consultant's overall qualifications to fulfill the requirements of the scope of work and should contain the following elements of information:

- Expression of firm's interest in the work;
- Statement of whether firm is on register;

- Date of most recent private engineering firm qualification;
- Statement regarding firm's(') possible conflict of interest for the work; and
- Summation of information contained in the letter of interest.

Chapter 2 - Team Qualifications

This chapter should elaborate on the general information presented in the introduction, to establish the credentials and experience of the consultant to undertake this type of effort. The following must be included:

1. Identify recent, similar projects the firm, acting as the prime contractor, has conducted which demonstrates its ability to conduct and manage the project. Provide a synopsis of each project and include the date completed, and contact person.
2. If subconsultants are involved, provide corresponding information describing their qualifications as requested in bullet number 1 above.

Chapter 3 - Team Experience

This chapter must provide the names, classifications, and location of the firm's North Carolina employees and resources to be assigned to the advertised work; and the professional credentials and experience of the persons assigned to the project, along with any unique qualifications of key personnel. Although standard personnel resumes may be included, identify pertinent team experience to be applied to this project. Specifically, the Department is interested in the experience, expertise, and total quality of the consultant's proposed team. If principals of the firm will not be actively involved in the study/contract/project, do not list them. The submittal shall clearly indicate the Consultant's Project Manager, other key Team Members and his/her qualifications for the proposed work. Also, include the team's organization chart for the Project / Plan. A Capacity Chart / Graph (available work force) should also be included. Any other pertinent information should also be listed in this section.

Note: If a project team or subconsultant encounters personnel changes, or any other changes of significance dealing with the company, NCDOT should be notified immediately.

Chapter 4 - Technical Approach

The consultant shall provide information on its understanding of, and approach to accomplish, this project, including their envisioned scope for the work and any innovative ideas/approaches, and a schedule to achieve the dates outlined in this RFLOI (if any project-specific dates are outlined below).
