

Free Community Walk and Run Club

Join the Cramerton Parks and Recreation Department on Tuesday evenings starting in April for free group walks and runs around town!

We will lead two separate groups – a walk group and run group to explore different trails, greenways, and distance routes each week to help familiarize everyone with all the great, safe places we have in Cramerton. We will check out everything from sidewalk loops to asphalt greenways to natural surface trails to single track footpath! All of which are completely accessible from the heart of downtown Cramerton.

The routes and meeting locations will change every couple of weeks so make sure you stay tuned to this event for updates!

We hope to see everyone getting out around town as Spring Time begins to roll in!
