Zoning Administrator

## GENERAL ZONING PERMIT APPLICATION INSTRUCTIONS

Residential zoning permit applications may be submitted during normal business hours at the Town Hall. Before doing so, please review the following checklist of required information so that your permit approval will not be unnecessarily delayed. Applications are available at Town Hall or online at [WWW.CRAMERTON.ORG](http://WWW.CRAMERTON.ORG)

**Please allow 24 hours for review and approval, zoning permits are not issued on same day of application.**

FILLING OUT APPLICATION: Responsibility of Owner, Owners Agent or Contractor.

- A. If application is not complete it will not be processed. The Gaston County Tax Parcel ID number must be provided.
- B. The applicant must provide a scaled drawing of the lot showing the dimensions of the property and what street(s) abut the property.
- C. If a **new structure** is being built, a scaled structure footprint drawing indicating front, rear and side setbacks in feet must be included on the property sketch.
- D. Any **auxiliary buildings**, such as a utility building, shall be shown on the property sketch along with distance to all property lines.
- E. If an **addition** is being made to an existing house, then a property sketch must be provided showing the existing house (solid line), as it is located on the property, and distance from property lines. Additions to be added (broken lines) and distance from property lines.
- F. **Storm Water Detention:** Property owners shall be responsible for minimizing stormwater runoff onto any adjacent properties as a result of expansion or construction. The structures, devices, and methods used shall be planned, designed, constructed, and maintained so as to:
  - 1. provide for the natural infiltration of stormwater;
  - 2. control the velocity of runoff flows;
  - 3. extend the time of concentration of stormwater runoff;
  - 4. collect and transmit excess stormwater flows into either the Town drainage system or into a natural drainage system.
  - 5. For commercial sites and any site over one acre the locations of natural drainage systems, design of flood control and/or storm water management installations and devices shall be included in the site plan.
- G. **Site Clean Up:** Sites shall be cleaned at the end of each workday. Debris shall be deposited in an appropriate container or removed from the site. Debris scattered or blown on adjacent property or roadways must be collected and properly disposed of. Construction materials shall be consolidated and stacked.
- H. **Roadway Clean Up:** All mud, dirt or any other material deposited on sidewalks or roadways as a result of the use of trucks, equipment or machinery at the site or as a result of erosion at the site shall be cleaned daily during the duration of the construction. Clean up must also be made at any time the Town directs. Clean up is the responsibility of the permit holder and any fines or actions will be taken against the permit holder for non-compliance.
- I. **Fees:** All fees must be paid at time of permit issuance. These include but are not limited to (application fee, water/sewer access fee, etc.)
- J. **Site Inspections:** All sites require final inspection prior to issuance of Certificate of Compliance to obtain a Certificate of Occupancy from Gaston County. 24-hour notice is required for final inspection.
