

TOWN OF CRAMERTON TRUCK RELEASE FORM

The Town of Cramerton allows limited personal use of its trash truck to assist the Town in collecting large amounts of trash and debris at one household instead of the Town sanitation department being responsible for collecting these items on regular routes. The individual property owner is responsible for properly loading the truck.

Rules and Regulations of Use

- The following items cannot be placed on the truck: paint cans, propane tanks, tires with rims, shingles, concrete, lawn mowers with motors, bricks, appliances, ordinary household garbage, and any hazardous materials. **The Town does not pickup any material from homes that have been damaged or destroyed by fire.**
- Trash and yard waste cannot be co-mingled. You can only load one item at a time on the truck.
- **If you have a contractor do work at your home, such as remodeling or trimming trees, the contractor is responsible for removing all trash and debris from the project.** The Town will not dispose of these items and they cannot be placed on the Town truck.
- All items placed inside the truck bed must be stacked in a neat manner in order to facilitate a full load. Items must not extend past the rear gate of the truck or above the sideboards of the truck.

Any violation of these rules and regulations will result in prohibited future use of the truck and responsibility for any damages caused by such violation.

HOW TO RESERVE THE USE OF THE TRUCK

After this form has been completed, you will be placed on the waiting list because use is granted on a first come, first served basis. The Town will deliver the truck to the residence on Friday for weekend use only. The truck will be parked in the designated place and cannot be moved. Only Town employees can operate the vehicle. The Town will pick the truck up on Monday morning.

There is no charge for the first time, however, a fee (based on the Town of Cramerton's adopted Fee Schedule) will be charged the second time the truck is used. The second truck usage fee is \$80.00. If the cost to unload at the landfill is greater than \$80 then the resident will be responsible for that full amount. The truck may be requested twice a year. The Town reserves the right to deny use of the truck at any time to any citizen.
